- **Accessories:** Stampin' Dimensionals, bone folder, stamp-a-ma-jig, Heart to Heart punch, paper-piercing tool, black brads (from the Vintage Brads collection); **Non-SU:** pencil and acrylic graph ruler

Directions:

1. Take a 4 ¼" x 11" piece of Whisper White CS and fold it in half with your bone folder to create a 4 ¼" x 5 ½" card.
2. Take a pencil and acrylic graph ruler and draw a light pencil line across the card, 1 ¼" up from the bottom edge.
3. Stamp the "celebrate" greeting in Basic Black ink onto the line using a stamp-a-ma-jig. The first letter of the greeting should be about ½" in from the left edge of the card. Let the ink dry completely.
4. Pierce three holes in a row, about ¼" apart at the end of the greeting. The holes should be centered with the greeting (use the center line on the letter "e" as a guide).
5. Insert a black brad into each hole and open up the prongs on the back.
6. Erase the pencil line.
7. Punch out the tallest heart from the Heart to Heart punch out of texture Crushed Curry CS, Pumpkin Pie CS, Real Red CS, Tempting Turquoise CS and Rich Razzleberry CS.
8. Position and stick the hearts to the card, just above the greeting, using Stampin' Dimensionals. You're done!
