- Raspberry Fizz CS: a 4" x 5 ¼" piece
- Whisper White CS: a 2 ½" x 5" piece and two 4" x 5 ¼" pieces
- Pdf handout with greetings

## Directions:

1. Dry emboss the Raspberry Fizz CS piece with the Perfect Polka Dots embossing folder and your Big Shot.
2. Lay a 5 ½" piece of black satin ribbon across the center of the card. Bring the ends of the ribbon around to the back and then stick them down with double-sided adhesive.
3. Center and stick the Raspberry Fizz CS piece to the card front.
4. Stick the 4" x 5 ¼" pieces to the inside of the card – this will give you a place to write your greeting.
5. Die cut & emboss the Nestabilities rectangle die out of a scrap of Whisper White CS – the rectangle I used is 1 ⅞" x 4".
6. Die cut and emboss the Nestabilities scalloped rectangle die out of a scrap of Basic Black CS – the rectangle I used is 2 ⅞" x 4 ¼".
7. Stamp the base of the bird cage onto the white rectangle. Center and stick the white CS to the scalloped black rectangle.
8. Stamp the bird cage onto a scrap of Whisper White CS with black ink. Stamp the bird inside the cage with Melon Mambo Classic ink. Cut out the bird cage and then add a small pink rhinestone at the top and two at the bottom as shown in the picture.
9. Select and cut out a greeting from the provided greeting sheet. Stick the bottom edge to the back of the black scalloped rectangle, so that it is at the right of the image.
10. Center and stick the greeting piece to the card front. You're done!
