Directions:

1. Take your Basic Black CS (4 1/4" x 11") and score it at 2 3/4" and 5 1/2". Crease with the back of your nail or a bone folder.
2. Take a 4" x 5 1/4" piece of Whisper White CS and sponge it lightly with Tempting Turquoise Classic ink. Stamp the vine flower stamp from Vintage Vogue along the bottom and half way up the sides in Basic Black Classic ink. Set Aside.
3. Take a 1" x 4" piece of Old Olive CS and fringe it with your paper snips. Stick it down to the bottom of the sponged and stamped Whisper White CS.
4. Cut out an oval with your Coluzzle (3 1/8" x 4"). If you do not have a Coluzzle then cut these dimensions in a rectangle shape. Sponge lightly with Tempting Turquoise. Set aside.
5. Stamp out your flowers with Pink Pirouette Classic ink on to whisper White CS and then cut out. Sponge the edges with Cameo Coral Classic ink.
6. Die cut your butterflies (two of the full large one and one of the full small butterfly). Sponge the edges with Tempting Turquoise Classic ink. Fold them and then attach the two larger together with Glue Dots. Follow the video instructions for creating a body from the Word Window Punch, Olive Glitter, Stampin' Dimensionals & Certainly Celery CS. It will take one word window Certainly Celery Punch per Butterfly.
7. Take a 1 1/4" Paper Vellum Circle punch and cut it into a spiral pattern starting at the outer edge. Glue dot one end (the center) to the Butterfly.
8. Now stick the Oval to the sponged and stamped Whisper White CS mat. Stick this mat to a Basic Black 4 1/4" x 5 1/2" CS mat. Now stick the large Butterfly to the oval by gluing the other end (outer spiral end) to the Oval. Stick the flowers to the grassy areas of the card using Tombow multi purpose adhesive or Glue Dots. You want it to vary in height for visual interest.
9. Stick down your smaller butterfly among the flowers using a Glue dot. Hand draw the antennae.
10. Now take a second piece of Whisper White CS (4" x 5 1/4") and sponge the edges with some Tempting Turquoise Classic ink, and stamp the vine in Basic Black Classic ink along the bottom. Punch a hole in the Horizontal center, at the distance where you want the card to rest when open. Insert 1 silver brad.
11. Stick down your Whisper white braded mat on to the bottom inside of the Card.

12. Place dots of Crystal Effects along the top edge of the large butterflies wings. Sprinkle with Dazzling Diamonds glitter. Dot the center of each flower and sprinkle also with Dazzling Diamonds glitter. You are done!
