## **Directions:**

1. Because the Video discussed how to create the meander book, I will not be going over the instructions again. Instead I just decided to list the supplies which I used for this book.
2. Flower was die cut from the Flower Layer's #2. I used Melon Mambo sponged with Chocolate chip Classic ink, and for the leaves, I used the small oval punch and Certainly Celery CS sponged with Garden Green and Chocolate Chip Classic ink. The center is summer sun sponged with Chocolate Chip Classic ink.
3. The front cover was covered with the Old Olive DP and the back was covered with Chocolate Chip DP.
4. Tag spaces were left in three of the pages.
