## **Directions:**

1. Create your Pizza card using the directions on the Video. Remember that to cut the card, you will fold your 2 ½" x 5" Creamy Caramel CS in half and then you will sharpen the crease with your bone folder.
2. Lay your newly created Creamy Caramel Card down on place your coluzzle over it. Cut through the first layer and then go over again to cut through the second layer of CS. This will create a small circle card to fit in your Pizza Box. Alternately you can trace with a circular piece of paper on to your folded Creamy Caramel CS and then cut out your circle cards. Finally if you have a small circular die you can lay your folded Creamy Caramel card over the circle die making sure that the back of the fold is moved down within the circle to create a fold.
3. Now after you have decorated your Pizza Notes, you are going to assemble your box which was cut out of the Kraft CS. Use the Sticky Strip to assemble.
4. Now take your square of Whisper White CS and sponge lightly with some Close to Cocoa Classic ink. Take your Old Olive strip of paper and sponge it with Handsome Hunter. Now, take your Real Red strip of paper and sponge it with some of the Real Red Classic ink.
5. Stick your Real Red CS strip and your Old Olive CS strip to your Whisper White sponged CS square. With your Stamp-a-ma-jig, stamp the letters of your title/sentiment on to the Whisper White CS using Basic Black Classic ink. Stick this label to the top of the box. You are now done!
